

# MD MAHTAB ALAM

Sitamarhi, Bihar, India

+91-7542031936 ✉ alammahtabalamph@gmail.com

LinkedIn GitHub

## Summary

Electronics and Communication Engineering graduate with skills in Java, Web Development, FPGA Design, and Verilog HDL. Passionate about software development and problem-solving, with hands-on experience in building full-stack web applications and digital system design projects.

## Skills

**Software Skills :** Java, Web Development, Reactjs, Database: SQL, MongoDB

**Core Skills:** Verilog , FPGA, Digital Electronics, PCB Designs, Proteus, MATLAB

**Tools:** MS Word, Excel, Power Point

## Experience

### Internship – Web Development

Jan 2026 – Mar 2026

*3Skills (Online Internship)*

- Developed foundational skills in web development, responsive website design, and modern frontend technologies while building user-friendly and interactive web interfaces.

### Drones and Robotics Intern

Dec 2025 – Jan 2026

*Techprlapz — Department of Industries (DSTTE – Government)*

- Gained hands-on experience with drone technology, robotics systems, sensors, and automation concepts, along with their industrial and real-world applications.

### Java Intern

Oct 2025 – Dec 2025

*Happieloop Technologies (Remote)*

- Developed applications using Core Java and Object-Oriented Programming principles, enhancing software development, debugging, and problem-solving skills.

## Projects

### • FSM Driven Smart Elevator (Verilog)

[Link](#)

Designed an FPGA-based Smart Elevator Controller using Verilog HDL and FSM for floor selection, movement control, and state transitions on a Spartan-6 FPGA.

### • ApnaMedicare (Full-Stack Healthcare Platform)

[Link](#)

Developed a healthcare website for patient records and appointment scheduling with responsive UI and backend integration.

### • Banking Management System (Java)

[Link](#)

Built a Java banking application with account creation, deposit, withdrawal, and balance enquiry features using OOP concepts.

## Certifications

|                                                            |                      |
|------------------------------------------------------------|----------------------|
| • Full-Stack Development – Apna College (2025)             | <a href="#">View</a> |
| • Java Language – Apna College (2025)                      | <a href="#">View</a> |
| • Introductions to networks – Cisco (2025)                 | <a href="#">View</a> |
| • VLSI SoC Design using Verilog HDL – Maven Silicon (2025) | <a href="#">View</a> |
| • PCB Design – Pantech Solution (2026)                     | <a href="#">View</a> |

## Achievements

- Recognized as the Class Topper of the B.Tech (ECE) batch at Government Engineering College, Vaishali.

## Education

### B.Tech in Electronics and Communication Engineering

2022 – 2026

*Government Engineering College, Vaishali*

*CGPA: 8.5/10*

### Intermediate (Science)

2021

*S.R.K. Goenka College, Sitamarhi*

*BSEB — 77.8%*

### Matriculation

2019

*Hellens School, Dumra, Sitamarhi*

*CBSE — 86.2%*
